

AVX-105C-KIT Update Guide

1. Make Sure TX is powered off.
2. Press and hold the update button (pin hole next to VIDEO LED) whilst plugging USB-C cable in connected to your PC.
3. POWER LED will start to blink.
4. Drag the .bin file to the USB drive that pops up on your PC.
5. Wait for VIDEO LED to light back on.
6. Re power the unit.
