

Horizon

OUTDOOR TELEVISIONS

Exquisitely designed, these outdoor televisions are guaranteed to enhance your swimming pool, patio, garden, boat, and any other outdoor area: whether you are in the residential, commercial, or hospitality sector. Keeping you, your guests and your clients completely entertained.

Based on our Pinnacle Smart TV range and packed with features such as 1080p and 2160p inputs, IP control, DVB-T2/S2 receivers, 2 HDMI sockets and USB inputs, this fully IP66 rated television provides the ultimate protection against water, dust, sand, moisture and insects. This product is fully compatible with all leading control systems including:

All Aquavision High Brightness Horizon screens come with the following features:

- Aquavision's CTM (Comprehensive Thermal Management), constantly monitoring humidity and temperature, and adjusts where necessary through the use of both internal heaters and fans.
- Aquavision's ADST (Advanced Daylight Sensing Technology) constantly monitors and adjusts screen brightness to ambient light level to enhance your viewing experience and prolong the life of your Aquavision. Anti-glare glass is used as standard for enhanced viewing in bright sunlight.
- Optional accessory slot for Balan's, DM receivers, HDBaseT receiver's etc, enabling total integration with proprietary band operating systems whilst still retaining waterproof qualities.
